Day Care / Child Care

Five Steps to Selecting a Child Care Provider

Choosing the right child care for your child is important. Increasing evidence has emerged to show that children's learning opportunities in the years before kindergarten have an important effect on their performance in school and ultimately their ability to contribute to society as adults.

The Office of Child Development and Early Learning offers these five steps to assist parents in selecting the right child care for their child.

STEP ONE: CONTACT YOUR CCIS:

Early Learning Resource Center (ELRC) agencies are the hub of child care information in your local area. ELRC agencies provide you and your family with information on quality child care and personalized child care referrals to child care providers based on your specific needs or preferences. Contact your local ELRC at (717) 274-6552 to review the steps to selecting a child care provider.

STEP TWO: INTERVIEW CARE GIVERS:

Call first and ask: Is there an opening for my child?

Visit Next / Look for:

- ~ Responsive, nurturing, warm interactions between caregiver and children.
- ~ Children who are happily involved in daily activities and comfortable with their caregiver.
- ~ A clean, safe, and healthy indoor and outdoor environment, especially napping, eating, and toileting areas.
- ~ A variety of toys and learning materials, such as books, puzzles, blocks and climbing equipment that your child will find interesting and that will contribute to your child's growth and development.
- ~ Children getting individual attention.

STEP THREE: CHECK REFERENCES

Ask other Parents

STEP FOUR: MAKE THE DECISION FOR QUALITY CARE

From what you heard and saw, ask yourself:

- ~ Which child care should I choose so that my child will be happy and grow?

STEP FIVE: STAY INVOLVED

Ask yourself:

- ~ How can I arrange my schedule so I could...
- ~ Talk to my caregiver every day?
- ~ Talk to my child every day about how the day went?

Lebanon County Library Programs

All Ages

Special Events at Lebanon County Libraries - Special programming takes place throughout the year at the county libraries. Programs include puppet shows, magic shows, theatrical performances, live music, author visits, storytelling, travel programs, and other programs that support PA Forward's five literacies: basic, information, health, financial, and civic and social. The libraries' event calendar is online at www.lclibs.org or visit your local library to ask about upcoming events.

Preschool Ages

1,000 Books Before Kindergarten

This program encourages families to experience the joy of reading together and helps parents and caregivers prepare children for kindergarten. Parents receive a reading log to track family reading time, and children receive incentives for every 100 books read to them. When parents and children reach 1,000 books, they achieve a certificate, status on the library Wall of Fame and a special gift! Program is offered at Annville, Lebanon, Matthews, Myerstown, Palmyra, and Richland libraries. Registration is required.

Polka Dot City Puppet Theater at Matthews Public Library

Come one, come all to Polka Dot City! All are welcome at the library's puppet show for toddlers and pre-schoolers--no registration required. A show is put on the first and fifth Wednesdays of each month at 10 a.m. in the library's own professional puppet theater. After the show children will enjoy making a craft to take home with them.

Smart Start Storytime for Babies - This program is designed especially for babies from birth to 24 months. Each 30-minute session for promotes interaction between babies and their caregivers through stories, songs, finger play, and action rhymes, followed by time for parents to talk with other parents. Takes place at all six county libraries.

Storytime - Children from ages 3-5 enjoy stories, crafts, and other surprises! This program is designed to help children develop language, listening and motor skills, stimulate children's imaginations and create in children an appetite for reading and libraries. Takes place at all six county libraries. Registration may be required. Call your library for details.

Summer Learning Program at Lebanon County Libraries - Children of all ages are invited to participate during the summer, earning points for prizes by reading or listening to books, attending special programs or bringing in created items for display. Children are encouraged to participate at their own level. Takes place at all county libraries. Registration is required. Call your library for details.

Toddler Time at Richland Library - This program is designed for children ages 0 to 3 with siblings welcome. It features stories, crafts, songs, and bubbles and is an enjoyable social time for children. It is held during June through September.

What is a Credit Score?

Credit Scoring is a system creditors use to help determine whether to give a person credit. Information about credit experience and personal information is used such as bill paying history, the number and types of accounts a person has, outstanding debts and age of accounts from a credit application and a credit report. Using a statistical program, creditors compare this information to the credit performance of consumers with similar profiles. The credit scoring system awards points for each factor that helps predict who is most likely to repay a debt. The total number of points helps predict how credit worthy a person is and how likely to repay a loan and make payment when due.

MOURNING HAS BROKEN

A Grief Support Group at St. Andrews Presbyterian Church

The Mourning Has Broken Grief Support Group at St. Andrews Presbyterian Church has been meeting monthly for almost 15 years. We are strictly a support group, not a counseling group.

Under the leadership of St. Andrews member and retired minister, Diane Pomeroy, we meet at 2:00 PM, on the first Thursday of every month in the Cassel Chapel at St. Andrews. At the present time, the membership of the group consists of people who are members of St. Andrews and quite a few people who are not members, but heard about us and wanted to join with us.

The content of our meetings is rather informal, mostly talking about concerns about the grieving process: sharing stories about the loved one we lost; asking questions about how we are feeling; dealing with special days like holidays, anniversaries, family celebrations; and other topics that might arise in the midst of our conversations.

We welcome anyone to come to our group, whether members of St. Andrews or not, no matter how long ago or how recent the loss, or the nature of the loss – father, mother, spouse, child, good friend. There is no charge to become part of our group, as this is part of the outreach mission of the church.

St. Andrews Presbyterian Church is located at 600 South 12th Street, Lebanon. The building is totally handicapped accessible. For more information, please call the church office at 717- 272-9933, or check our website: www.standrewslebanon.org

220 East Lehman Street, Lebanon, PA 17046-3930

(717) 274-3415, (717) 274-0317 Fax

CASSP is a comprehensive mental health service system for children, adolescents and their families. These services are planned collaboratively with the child's or adolescent's family, the mental health system, the school and other agencies. CASSP also gives technical assistance to provider agencies on state-of-the-art mental health services for children and adolescents, supports best practice and assists in communication among all those who serve children in Pennsylvania.

CASSP is:

Child-centered: Services meet the individual needs of the child, consider the child's and family's context, and are developmentally appropriate, strengths-based, and child-specific.

Family-focused: Services recognize that the family is the primary support system for the child and participates as a full partner in all stages of their decision-making and treatment-planning process.

Community-based: Whenever possible, services are delivered in the child's home community, drawing on formal and informal resources to promote the child's successful participation in the community.

Multi-system: Services are planned in collaboration with all the child-serving systems involved in a child's life.

Culturally competent: Services recognize and respect the behavior, ideas, attitudes, values, beliefs, customs, language, rituals, ceremonies, and practices of a child's ethnic group.

Least restrictive/Least intrusive: Services take place in settings that are the least restrictive and intrusive available to meet the needs of the child and family.

(717) 274-3415, Fax: (717) 274-0317, (717) 274-3363 Crisis Intervention 24-Hour

The Lebanon County MH/ID/EI (Mental Health/Intellectual Disability/Early Intervention) program provides funding and administrative oversight for services in our community that support people and their families living with serious and persistent mental illness, children and adolescents with a mental health diagnosis, individuals with intellectual disability, individuals with Autism Spectrum Disorder and children birth to age three (3) for early intervention services.

The MH/ID/EI office provides the intake process to determine eligibility for services to:

- *Adults with serious mental illness*
- *Children and adolescents with a mental illness or serious mental disturbance*
- *Individuals with an intellectual disability*
- *Individuals diagnosed on the autism spectrum*
- *Children birth to three years old who have special needs due to a developmental delay or disability*
- *Individuals with medically complex condition age 0-21*
- *Individuals with a developmental disability under the age of nine (9)*

Consultation and Education services are available on request.

Eligibility determination:

Through the intake process, a person's eligibility for services and funding is determined and referrals are made to appropriate programs in the community that correspond to service needs. To be considered for services, individuals must be a resident of Lebanon County.

Participants set their own goals using a person-centered planning process with the help of their chosen supports. The program provides groups and activities for young adults to help the participants work on their goals, develop skills to become more independent and socialize with peers. In order to be referred, the youth must:

** Have a mental diagnosis*

** Be enrolled with PerformCare (Medical Assistance)*

** Show a need to gain skills in at least two of the four target domains: employment (finding, getting and keeping a job), education (finding a college or trade school), independent living skills (cooking, cleaning, money management, transportation, etc), and community involvement and socialization (volunteering, getting involved in activities in the community, increasing social resources, etc)*

** Be between 16-23 years old*

Referrals to the Warrior Project are made by any service provider or school.

The Warrior Project is a program to help transition age youth with mental health needs become more independent. Participants set their own goals using a person-centered planning process with the help of their chosen supports. The program provides groups and activities for young adults to help the participants work on their goals, develop skills to become more independent and socialize with peers. In order to be referred, the youth must:

** Have a mental diagnosis*

** Be enrolled with PerformCare (Medical Assistance)*

** Show a need to gain skills in at least two of the four target domains: employment (finding, getting and keeping a job), education (finding a college or trade school), independent living skills (cooking, cleaning, money management, transportation, etc), and community involvement and socialization (volunteering, getting involved in activities in the community, increasing social resources, etc)*

** Be between 16-23 years old*

Referrals to the Warrior Project are made by any service provider or school.
